Bid Type:	NRFP
Bid Number:	RFP 26-0465
Bid Name:	Supply, Installation, and Commissioning of a Stationary Electric Shredder
Bid Status:	Open
Bid Closing Date:	Mon Oct 5, 2026 2:00:59 PM (CST)
Question Deadline:	Tue Sep 29, 2026 2:00:00 PM (CST)
Duration in months:	24
Negotiation Type:	Refer to project document
Condition for Participation:	Refer to project document
Electronic Auctions:	Not Applicable
Language for Bid Submissions:	English unless specified in the bid document
Submission Type:	Online Submissions Only
Submission Address:	Online Submissions Only
Public Opening:	No

Description:

The City of Saskatoon is developing a 40,000-tonne Organics Processing Facility (OPF) to support the diversion of residential and industrial, commercial, and institutional organic waste. The OPF is currently planned for commissioning by August 2027, subject to the coordination of construction, equipment installation, and commissioning activities across multiple project components.

The procurement of a stationary electric shredder forms a key element of this program. Proponents are expected to recognize that delivery, installation, and commissioning of the shredder must be coordinated with the overall OPF schedule, including integration with building readiness, electrical works, and facility commissioning activities.

The shredder will be installed within the OPF Receiving Building. The Receiving Building has been designed to accommodate shredding and material handling operations and includes tipping floor areas, push walls, overhead services, conveyors, access doors, and associated structural and civil works. A wheel loader will be used to transfer organic material into the proposed stationary shredder.
